Department of Labor-YouthBuild Grants	The Employment and Training Administration (ETA), U.S. Department of Labor (DOL, or the Department), announces the availability of up to approximately \$130 million in grant funds for YouthBuild Grants (the final amount available depends upon the amount of funds appropriated for YouthBuild in the Fiscal Year (FY) 2011 Department of Labor Appropriations Act). These funds are from separate appropriations and will be awarded separately. Thirty million dollars in FY 2010 funds are available for immediate award and will be reserved for awards to organizations that did not receive funding in the FY 2009 YouthBuild competition [SGA/DFA PY 08-07]. Awards from the FY 2011 appropriation will be selected after April 1, 2011, pending availability of funds.	October 4, 2010	December 3 2010

<p>Department of Justice-OVW Sexual Assault Demonstration Initiative</p>	<p>Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education. The Sexual Assault Demonstration Initiative is OVW’s first large-scale project to determine best practices and needed action in reaching more sexual assault survivors and providing comprehensive sexual assault services. A strength-based self-assessment of applicant agencies will be used to help selected demonstration sites develop an action plan to: 1) increase outreach to those populations most likely experiencing sexual assault in their communities, but not currently accessing services; 2) develop models of service provision that prioritize the needs of sexual assault survivors beyond immediate crisis responses currently offered; and 3) assess the efficacy of those steps in increasing the numbers and types of sexual assault survivors who access those newly enhanced services.</p>	<p>Sept. 20, 2010</p>	<p>Nov. 2, 2010</p>
<p>Small Business Administration</p>	<p>This Act specifically encourages small business development centers to enhance their current level of export assistance and expertise. This funding is provided to SBDCs with a primary objective of supporting job creation and retention within the small business community through impactful SBDC individualized, in-depth, business advising of entrepreneurs and small business owners. SBDCs should use this funding to demonstrate increased innovation in areas such as: delivery of their services; serving new or additional markets not otherwise covered; and programs that will create the next generation of entrepreneurs. Potential projects might include: improving the level of international trade assistance offered; collaboration in incubators; collaboration in regional innovation economies; enhancing SBIR services; growing micro businesses; apprenticeship to entrepreneurship programs; and assisting spin-off businesses that bring university research to the marketplace along with other technological and innovative ventures. The SBDC program is the SBA’s largest matching grant-funded service delivery network providing high quality business and economic development assistance to small businesses and nascent entrepreneurs in order to promote growth, expansion, innovation, increased productivity and management improvement</p>	<p>Nov. 4, 2010</p>	<p>December 30, 2010</p>

Justice-National Institute of Justice-Solving Cold Cases with DNA	funding to identify, review, and investigate “violent crime cold cases” that have the potential to be solved using DNA analysis, and to locate and analyze the biological evidence associated with these cases. Experience has shown that cold case programs can solve a substantial number of violent crime cold cases, including homicides and sexual assaults. Advances in DNA technologies have substantially increased the successful DNA analysis of aged, degraded, limited, or otherwise compromised biological evidence. As a result, crime scene samples once thought to be unsuitable for testing may now yield DNA profiles. Additionally, samples that previously generated inconclusive DNA results may now be successfully analyzed.
